

A diagram of a brochure template for an 8.5x11 inch gate fold. The template is represented by a large rectangle with a solid black border. Inside this border, there are two vertical dashed blue lines that divide the space into three equal columns, representing the fold lines. A dashed green border is positioned just inside the black border, defining the safe area for text and graphics. The text instructions are centered in the middle of the template.

GAPS TEMPLATE BROCHURE 8.5X11 GATE FOLD

RED = BLEED (extend art to here)

BLACK = TRIM / CUT

GREEN = SAFE AREA (keep text inside)

BLUE = FOLD / DIE CUT
